

# Long Term Parking Newark Airport

CheapParkingatNewarkAirport.com has partnered with hotels and parking lots near both entrances of EWR airport to find parking options that will save you money. These partnerships enable you to easily get to the airport without having to pay an arm and a leg.

## **Newark Airport Long Term Parking**

Cheap Parking at Newark Airport guarantees you'll have parking near the airport; whether you choose the North entrance or South entrance. All of our partner locations provide transportation to the airport, and will pick you up when you return. We want to simplify airport parking. Just bring your confirmation to the location you choose, and prepare to take off!

### **About Newark Airport**

Newark Liberty International Airport has long been on the forefront of aviation history. First opening in 1928, Newark is the nation's oldest airfield and home to the nation's first ever commercial airline terminal. In 1935, Amelia Earhart led the dedication of this landmark terminal building. In fact, only London's Croydon Aerodrome predates the Newark terminal.

The airport is located in both Newark and Elizabeth and is only 14 miles from Manhattan. Its locations help it serve a critical role for the New York-New Jersey metropolitan area. Newark Liberty continues to build on its heritage of innovation with leadership roles in managing congestion and the campaign for NextGen technology.

## **Newark Airport Accessibility Services**

Please be advised that it is best to arrange for any special assistance you may need in advance, either directly with your airline or through a travel agent.

## **Things You Should Know**

It is important that you contact your airline in advance about any specific needs, if you are not accompanied by, or met at the airport by, a friend or relative.

## **Departing?**

Curbside unloading areas for baggage and passengers are available at each terminal. In most cases, these areas are weather protected and located close to each airline's entrance. Please take care to make arrangements with your airline at least 24 hours in advance to confirm assistance with baggage check-in, ticketing and movement to the gate area. Skycaps are available to assist you with your luggage. If you are traveling with any type of motorized wheelchair, please ask the airline when you purchase the ticket about their policies regarding battery-operated wheelchairs.

## **Accessible Services**

Drinking Fountains - Accessible drinking fountains are available in all terminals.

Restrooms -All restrooms are wheelchair accessible.

## **Accessible Services**

**Pet Relief Areas** - All passenger terminals at the Newark Liberty International Airport provide these areas to conform with the federal Air Carrier Access Act. This legislation requires such areas for service animals who travel with air passengers. Signs featuring the international symbol for pet relief designate the areas.

There are conveniently located phones in each terminal for the hearing impaired.

**Electric Carts** - Specially designed electric carts are available at Terminal C for disabled passengers. These carts are available upon request from your airline to transport you from the check-in area to the ticket counter and then to the departure gate during operating hours. Please call your airline in advance, for more information.

**Car Rental** - Vehicles equipped with hand controls are available from some on-airport car rental companies. For additional information, please contact the rental car companies directly.

## **Air Train**

Air Train provides a quick, easy and reliable mode of transport of traveling between the terminals and the parking lots that serve them. Air Train is a free service within Newark airport.
